

This form is used as a head count and to sign members on & off a DSMRA ride or activity. The Recognition of Risk form constitutes the sign on function, along with the participant's initials below.

An asterisk in the first column denotes a Volunteer.

Signing on and off is an insurance requirement. When participants leave the ride/activity they must sign off on this form which then frees the volunteers of their duty of care to those departing participants. A Sweep will carry this form if the activity is a ride to facilitate sign off.
